Specifications are subject to normal manufacturing tolerances.

Limited Warranties

For a period of 12 months this product will be free from manufacturing defects.

Exclusions: Any carpet installed on stairs, outdoors or in utility areas such as bathrooms, kitchens or in any areas subject to other than ordinary shoe traffic. Abuse by any athletic equipment such as roller skates, golf shoes or gym equipment etc. Damage or appearance problems caused by wrapping carpet around nosing of stairs

Maintaining Wool Carpet

Regular and thorough vacuuming at least once a week and more often in heavy traffic areas will remove soil and dirt particles before they become imbedded into the pile of the carpet. The head of the vacuum cleaner should be adjusted so that the brushes barely touch the surface of the carpet.

*DO NOT use a self adjusting vacuum since they adjust too deeply into the pile and will cause excessive fuzzing.

*DO NOT use an overly stiff brush on the beater bar since this too will cause excessive fuzzing.

Color variations may occur from dye lot to dye lot.

Shading (watermarking, or pile reversal) is a result of pile distortion and is not a manufacturing defect.

Chair Pads must be used under chair roller castors to prevent excessive wear.
